

IT3213 Human Computer Interaction

Day01(2025-03-11)

2020ICT47

Login Page

1. **Create the login container:**
 - Add a rectangle widget and set rounded corners
 - Set a white fill with subtle drop shadow
 - Split it into two sections (left for user icon, right for login form)
2. **Add the user icon:**
 - Insert a circle widget on the left side
 - Use a light blue fill
 - Add a user silhouette icon (available in Axure's icon library)
3. **Create form elements:**
 - Add a "User Login" title using a text widget with proper styling
 - Create text input fields for Username and Password
 - Use rounded rectangles with subtle bottom shadows
 - Add placeholder text inside each field
 - Create a blue login button (rounded rectangle)
 - Add "Forgot password?" and "Don't have account? Sign up" texts.

Fitness Web Page Design

1. Set up the header:

- Create a black navigation bar
- Add the "ALEXA" logo in an oval
- Create Text (Home, Programs, Classes, Videos)
- Add search, account, and cart icons

2. Hero section:

- Add a large box for the main content area
- Set a dark gradient background
- Place the headline "Rome wasn't build in a day...."
- Add Lorem ipsum placeholder text
- Create a "Start Now" button
- Add social media icons at the bottom

3. Include the image:

- Place a gym/fitness image on the right side
- Size it appropriately to fit the layout
- Ensure it complements the dark theme
